

Letter from the President

June 15, 2010

The Road Race Grand Nationals are just around the corner! The NCK staff is working very hard to make this a great event. As you all know by now, the BOD made the decision to cancel the paid practice day (Tuesday). This was a very difficult decision to make, but I feel it was the right one.

NCK has adjusted the schedule to add more practice time to each day, so please check out the new schedule.

If you haven't noticed yet, NCK has been posting an IKF rule per day on the front page of the NCK web site. It's these types of rules that will win you a DQ over the Duffy, so pay attention to them and double-check your kart! I have been frequently asked about fuel for the Nationals. The fuel will be Sunoco 110 and 100 (from the pumps only). Oils are Redline Synthetic, Burris Hi Rev castor, and Maxima 927. All oils will be sold at scales. As a heads up, Tech will be doing a fuel test and that includes a color test as well.

I have spent months trying to secure Event sponsors and Duffy/Class sponsors. Let me tell you: It has been very hard! Please thank all of the sponsors their support when you see them at the track.

NCK is selling event T-shirts for the Nationals event. We are doing only enough shirts to fill the **Pre-Sold** orders **only!** If you haven't ordered, one do it now. Just place the order with Don Pierce at don@nckroadracing.com. I have to place the order on June 22, 2010, so any orders sent in after that date **not** be honored.

OK, enough for now! Let'ss show the world that we're The Best Damn Road Race Club in the West!

Mark Morrison
NCK President
