

## Letter From The President

July 22, 2010

I hope everyone has recovered from the Road Race Grand Nationals. We are nearing the end of our 2010 points season with the final race at Buttonwillow on August 14th. The NCK Board of Directors has decided to run a little different layout this time. The "bus stop" turn will be included. Stay tuned for exact details on the track configuration. This should make for an exciting finale to the points season!

Also for this race, gridding will be set by "first come-first serve" on the Registration site. The earlier you register, the closer to the front you will grid. Registration will open on July 26th at 8:00am and will run through August 10th with late fees kicking in at midnight. So, avoid late fees and jump on a chance to sit on pole. Enter early!

Please note that NCK has made some changes in staffing and has changed the club's address. Don has stepped down from doing registration. I will be filling in until we can find a replacement for him.

We'll see you at Buttonwillow!

Mark Morrison  
NCK President
